

TRACKTRIM®

SOLUTIONS TO RECESS LUTRON DRAPERY TRACKS

DESIGNED TO DISAPPEAR

Tracktrim® by Blindspace is a perfect fit solution to recess manual and electric curtain tracks. The track and end set are installed flush with the ceiling during construction to form a cavity matching the drapery system and can be painted to match the ceiling. Standard curved sections are available to fit corners, curved walls, bay windows and other applications. When curtain tracks are installed, the result is a minimalist design where curtain tracks fully blend in, flush with the ceiling.

Fixing

Anchoring with counter sink screws through profile and flanges every 200mm. Finished plaster level flush with chamfered edge and ceiling.

Description

Solutions to recess manual and electric curtain tracks and end sets with no visible bracketry.

Material

Tracks in Aluminium, EN 6060 T66 End-sets & curves in Plastic POM Polymer

Product Reference

Tracks: TT1F
End-sets: TTLMB1F/TTLRB1F
Fixing Bracket: TTL1
Curve sections: TCCR508
Example: TT1F with TTLMB1F & TTLRB1F

Finish

White to be plastered in and decorated at site to match ceiling.

FEATURES

Centered curtain tracks with no visible fixing brackets

In contrast to solutions using a wedge along the side of the curtain track, REESE tracks are fixed through the curtain track for minimum visual impact.

Perfect fit end set to match motor and return ends

End sets are designed and manufactured to perfectly fit with motor and belt return ends.

Seamless appearance after painting

Plaster is feathered over skim coat flanges to hide the track and end-set, leaving only an open cavity for installation of curtain system.

Splice Pins to connect different profiles

Splice Pins are used to connect the end sets to the main Tracktrim profile and also to the different curved sections.

Fixing to TT1F

Fixing to TT2F, Optional Fixing to TT1F

Connecting Sections using Splice Pins

Dual TT1F with TTLMB1F and TTLRB1F, tracks with 180mm spacing

Dual TT1F with TTLMB1F and TTLRB1F, tracks with 140mm spacing

TT1F

TT1F with curve

TCR290 CurvedSection 290mm radius
